

WE SUPPORT EVERY ONE

like they're the only one

OneSource[™] is a free patient support program offered by Alexion and designed to support your specific needs throughout treatment.

INDICATION & IMPORTANT SAFETY INFORMATION FOR VOYDEYA[™] (danicopan)

INDICATION

What is VOYDEYA?

VOYDEYA is a prescription medicine used along with ravulizumab or eculizumab to treat breakdown of red blood cells that takes place outside of blood vessels (extravascular hemolysis), in adults with paroxysmal nocturnal hemoglobinuria (PNH).

It is not known if VOYDEYA is safe and effective in children.

IMPORTANT SAFETY INFORMATION

What is the most important information I should know about VOYDEYA?

VOYDEYA is a medicine that affects your immune system. VOYDEYA may lower the ability of your immune system to fight infections.

- **VOYDEYA increases your chance of getting serious infections caused by encapsulated bacteria.** These serious infections may quickly become life-threatening and cause death if not recognized and treated early.
- 1. You must complete or update meningococcal vaccine(s) and streptococcus vaccine(s) at least 2 weeks before your first dose of VOYDEYA.
- 2. If you have not completed your vaccinations and VOYDEYA must be started right away, you should receive the required vaccinations as soon as possible.
- 3. If you have not been vaccinated at least 2 weeks before your first VOYDEYA dose and VOYDEYA must

be started right away, you should also receive antibiotics to take for as long as your healthcare provider tells you.

- 4. If you have been vaccinated against these bacteria in the past, you might need additional vaccinations before starting VOYDEYA. Your healthcare provider will decide if you need additional vaccinations.
- 5. Vaccines do not prevent all infections caused by encapsulated bacteria. **Call your healthcare provider or get emergency medical care right away if you have any of these signs and symptoms of a serious infection:** fever with or without chills, fever and a rash, fever with chest pain and cough, fever with breathlessness/fast breathing, fever with high heart rate, headache with nausea or vomiting, headache and a fever, headache with a stiff neck or stiff back, confusion, body aches with flu-like symptoms, clammy skin, eyes sensitive to light.

Please see [Important Safety Information](#) throughout and scan QR code or see accompanying full [Prescribing Information](#) and [Medication Guide](#) for VOYDEYA (danicopan), including **Boxed WARNING** regarding serious infections caused by encapsulated bacteria.

GETTING TO KNOW ONESOURCE

OneSource is a free, personalized patient support program offered by Alexion. Whether you're newly diagnosed or have had your condition for years, our specialists will be by your side. We can help you make sense of your health insurance coverage, answer questions about your treatment with VOYDEYA, and connect you to community resources.

We're committed to helping you start and stay on track with your prescribed treatment.

WE SEE HOW EACH PATIENT'S NEEDS ARE UNIQUE, AND WE'RE HERE TO HELP WITH YOURS.

OneSource Team Members

SELECT IMPORTANT SAFETY INFORMATION

Your healthcare provider will give you a Patient Safety Card about the risk of serious infections. Carry it with you at all times during treatment and for 1 week after your last VOYDEYA dose. Your risk of serious infections may continue for a few days after your last dose of VOYDEYA. It is important to show this card to any healthcare provider who treats you. This will help them diagnose and treat you quickly.

VOYDEYA is only available through a program called the VOYDEYA Risk Evaluation and Mitigation Strategy (REMS). Before you can take VOYDEYA, your healthcare provider must: enroll in the VOYDEYA REMS; counsel you about the risk of serious infections caused by certain bacteria; give you information about the symptoms of serious infections; make sure that you are vaccinated against serious infections caused by encapsulated bacteria and that you receive antibiotics if you need to start VOYDEYA right away and you are not up to date on your vaccinations; give you a **Patient Safety Card** about your risk of serious infections, as discussed above.

Please see Important Safety Information throughout and scan QR code or see accompanying full Prescribing Information and Medication Guide for VOYDEYA (danicipan), including **Boxed WARNING** regarding serious infections caused by encapsulated bacteria.

ONESOURCE™ SUPPORT SERVICES

With our experience and resources, we're here to help you feel supported every step of the way. Here's an overview of the services we offer.

Education

When you have questions about your condition or treatment with VOYDEYA™ (danicopan), we'll work to find the answers.

Our team of specialists can provide you with:

- Educational materials about your condition
- Details about VOYDEYA
- Information about the treatment process

Health Insurance Navigation

Health insurance can be complicated. We're here to help make sense of it all.

Our team of specialists can help by:

- Providing information that explains your insurance coverage for VOYDEYA
- Addressing financial concerns or gaps in coverage

Community Connections

With OneSource by your side, you'll never have to go it alone. Connect with others in the rare disease community who understand your experience. We can share information about:

- In-person and online meetings and events specific to your condition
- Support and resources
- Advocacy groups
- A peer-to-peer program called Peer Connects

Ongoing Support

When life takes a turn, OneSource is ready to keep you on track. Our team can help:

- Guide you through insurance changes
- Navigate your treatment through life events, such as getting married, starting a new job, moving, or traveling
- Work with your healthcare provider and specialty pharmacy to ensure you keep receiving your medicine as prescribed

MEET YOUR ONESOURCE TEAM

Our team of skilled professionals is here to help you along your treatment journey.

OneSource Support Specialist (OSS)

Throughout treatment, your OSS can help by:

- Providing information about your condition and your Alexion treatment
- Letting you know about upcoming community events
- Helping you avoid interruptions in your Alexion treatment during insurance changes, travel plans, or other life events
- Helping you understand your insurance benefits and alert you if any action is needed to start treatment

Patient Education Manager (PEM)

Understanding your disease is important. Your local PEM will:

- Host local patient educational initiatives
- Conduct treatment education sessions for patients
- Meet with you, in person or by phone, to provide education

FIND MORE INFORMATION ABOUT COPAY SUPPORT ON PAGE 6

Please see [Important Safety Information](#) throughout and scan QR code or see accompanying full [Prescribing Information](#) and [Medication Guide](#) for VOYDEYA (danicopan), including **Boxed WARNING** regarding serious infections caused by encapsulated bacteria.

SELECT IMPORTANT SAFETY INFORMATION

Who should not receive VOYDEYA?

Do not take VOYDEYA if you have a serious infection caused by encapsulated bacteria, including *Neisseria meningitidis*, *Streptococcus pneumoniae*, or *Haemophilus influenzae* type B infection.

MORE WAYS TO COUNT ON ONESOURCE™

Here are some additional services we provide to help support you with VOYDEYA™ (danicipan).

No matter what kind of insurance you have, we can provide information about resources available that may be able to help cover the costs for VOYDEYA.

Financial Assistance

Alexion OneSource CoPay Program

If you have commercial insurance, this program may be able to help cover some out-of-pocket treatment costs.

To be eligible, you must:

- ✓ Be signed up for patient services through OneSource
- ✓ Have commercial insurance
- ✓ Be prescribed VOYDEYA for an FDA-approved indication
- ✓ Reside in the United States or its territories

If you have Medicare, Medicaid, or another federal- or state-funded insurance plan, we can connect you to third-party resources that may be able to help with financial assistance.

Access Program

Free Limited Supply

If you are commercially insured and your prescription is delayed by 5 or more days, you may be eligible for a 30-day supply, plus 1 refill (if needed).*

Free Trial

If you are interested in trying VOYDEYA to treat extravascular hemolysis (EVH), try our 30-day free trial.

Contact the OneSource team for more information about financial assistance and the access and Free Trial programs.

Stay on top of your vaccinations with OneSource

If you have been prescribed pneumococcal and meningococcal vaccinations as part of your treatment plan for VOYDEYA, OneSource may be able to help.

We can help you find a place to get vaccinated, assist with navigating your insurance plan, or provide information about other resources for covering vaccination costs.

To be eligible, you must be:

- ✓ Signed up for patient services through OneSource
- ✓ Prescribed VOYDEYA for an FDA-approved indication
- ✓ Prescribed vaccinations by your healthcare provider

Talk to your healthcare provider or OneSource team for more information about vaccination support.

Check out [AlexionOneSource.com](https://www.AlexionOneSource.com) for any future program additions or updates.

SELECT IMPORTANT SAFETY INFORMATION

Before taking VOYDEYA, tell your healthcare provider about all of your medical conditions, including if you: have an infection or fever, have liver problems, are pregnant or plan to become pregnant, or are breastfeeding. It is not known if VOYDEYA will harm your unborn baby or if it passes into your breast milk. Do not breastfeed during treatment with VOYDEYA and for 3 days after the last dose.

*Exclusions may apply. Talk to your healthcare provider for more information.

Please see [Important Safety Information](#) throughout and scan QR code or see accompanying full [Prescribing Information](#) and [Medication Guide](#) for VOYDEYA (danicipan), including **Boxed WARNING** regarding serious infections caused by encapsulated bacteria.

GETTING STARTED

You don't have to be enrolled in OneSource™ to get information—simply call **1.888.765.4747** to ask questions. If English is not your preferred language, we will connect with you through one of our interpreters to make sure you get the support you need.

Ready to enroll in the program for personalized support from OneSource? You can access the form in 3 ways:

AlexionOneSource.com

Your healthcare provider's office

By calling **1.888.765.4747**

Your healthcare provider will fill out their section of the form, which includes your prescription for VOYDEYA™ (danicipan).

NEXT STEPS

- 1** Once the form has been submitted, OneSource will reach out to you and your healthcare provider's office to confirm we have all the information we need.
- 2** Then OneSource will review your benefits, including out-of-pocket costs and plan options, and provide information on financial assistance.
- 3** Your healthcare provider will seek prior authorization from your insurance (if applicable) and place the order for VOYDEYA.
- 4** You will receive your VOYDEYA treatment, and OneSource will reach out to you with ongoing support.

HOW ONESOURCE WORKS WITH YOUR HEALTHCARE TEAM

After you make a treatment plan with your healthcare provider, OneSource is here to provide personalized support along the way.

✓ Support with insurance coverage and access to treatment

We're here to help if you or your healthcare provider needs information on insurance options or vaccination support. We can also provide information on available programs that may be able to help with out-of-pocket costs.

✓ Help avoiding interruptions in treatment

Life happens. That's why we're here to work with your healthcare provider to help you stay on track with treatment while traveling, moving, changing insurance, or experiencing other life events.

✓ Ongoing support throughout treatment

OneSource is by your side throughout your treatment journey. We're available to answer any questions that you or your healthcare provider may have about treatment logistics and will help make sure you keep receiving your medicine as prescribed.

Information from OneSource is not intended to replace the medical advice of your healthcare provider. If you have questions about your specific treatment plan, please reach out to your healthcare provider.

SELECT IMPORTANT SAFETY INFORMATION

Tell your healthcare provider about all the vaccines you receive and medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements which could affect your treatment. VOYDEYA may affect the way other medicines work.

Please see [Important Safety Information](#) throughout and scan QR code or see accompanying full [Prescribing Information](#) and [Medication Guide](#) for VOYDEYA (danicipan), including **Boxed WARNING** regarding serious infections caused by encapsulated bacteria.

FREQUENTLY ASKED QUESTIONS

When you have questions, we're here to help find the answers.

Q If I'm not enrolled in OneSource™, can they still help answer my questions?

Yes. OneSource is available to answer questions and provide you with educational materials related to your condition or treatment with VOYDEYA™ (danicipan). Some services, such as contacting your healthcare provider or navigating your health insurance coverage, may require enrolling in the program.

Q Is there local support in my area that I can contact for more information?

Yes. A Patient Education Manager (PEM) is available to meet with you virtually or in person to help you learn about local educational sessions and events. Visit AlexionOneSource.com to find a PEM nearby.

Q What's next after submitting the form?

OneSource will give you a call within a few business days. Meanwhile, if you have any questions, don't hesitate to call us at 1.888.765.4747.

Q What happens if my insurance or situation changes?

Your OneSource team can help you avoid interruptions in treatment when you experience changes in insurance coverage or treatment locations. We can also help when you experience other life events such as moving or starting a new job. Call us and we will work with you and your healthcare provider so that the transition goes smoothly.

Q What will my out-of-pocket costs be?

OneSource can help you understand your insurance coverage and estimated out-of-pocket costs for your Alexion treatment. We can also provide information about options for accessing treatment regardless of your insurance coverage.

Q Does OneSource provide any financial assistance?

The Alexion OneSource CoPay Program may help cover some out-of-pocket treatment costs for eligible patients. If you have Medicare, Medicaid, or another federal- or state-funded insurance plan or if you don't qualify for the CoPay Program, we can connect you to third-party resources that may be able to help with financial assistance. To learn more, call us or visit AlexionOneSource.com.

SELECT IMPORTANT SAFETY INFORMATION

If you stop taking VOYDEYA, your healthcare provider will need to monitor you closely for at least 2 weeks after your last dose. **Stopping treatment with VOYDEYA may cause a breakdown of red blood cells due to PNH. Symptoms or problems that can happen due to breakdown of red blood cells include:** decreased hemoglobin level in your blood and tiredness.

SELECT IMPORTANT SAFETY INFORMATION

What are the possible side effects of VOYDEYA?
VOYDEYA can cause serious side effects, including increased liver enzyme levels and increased cholesterol. Your healthcare provider will do blood tests to check your liver enzyme levels and cholesterol before and during treatment with VOYDEYA. Your healthcare provider may temporarily or permanently stop treatment with VOYDEYA if you develop increased liver enzyme levels.

Please see [Important Safety Information](#) throughout and scan QR code or see accompanying full [Prescribing Information](#) and [Medication Guide](#) for VOYDEYA (danicipan), including **Boxed WARNING** regarding serious infections caused by encapsulated bacteria.

AT ONESOURCE™

we're by your side

Whether you've just been diagnosed or have had your condition for years, we have information and resources to help you navigate life with a rare disease. OneSource is a free patient support program offered by Alexion designed to support your specific needs throughout treatment.
